

## AGENDA AT-A-GLANCE

*\*Schedule subject to change*

MON 9/9		4:30 pm – 5:30 pm	<b>Heads of Pharma Research, in Conversation:</b> Biogen’s Jane Grogan, Novartis’ Fiona Marshall
	TUES 9/10	GRAND ROUNDS I: Translational Bottlenecks	8:00 am – 8:45 am
8:45 am – 9:00 am			Official Welcome from BioCentury
9:00 am – 10:00 am			<b>McKinsey &amp; Company Conference Report:</b> Reimagining translation: how to unlock the next wave of breakthrough treatments
10:00 am – 10:40 am		<b>From causal biology to preclinical validation:</b> What makes the grade in 2024?	
11:10 am – 11:50 am		<b>The human first era is here:</b> Is there still value in new animal models?	
11:50 am – 12:30 pm		<b>Delivery on demand:</b> Still the elephant in the room	
GRAND ROUNDS II: The Modality Groundbreakers		1:30 pm – 2:10 pm	<b>The heyday of AAV engineering is here:</b> Will it deliver?
	2:10 PM – 2:50 PM	<b>The regenerative moment:</b> Are iPSCs poised to reshape the cell therapy toolbox?	
	3:20 pm – 4:00 pm	<b>Maximizing the impact of gene editing:</b> Incremental improvements, or leaps to newer technologies?	
	4:00 pm – 4:40 pm	<b>Souping up cancer cell therapies:</b> Is the juice worth the squeeze?	
	4:40 pm – 5:30 pm	<b>Closing the innovation gap:</b> Partnerships for next-gen treatments	
	6:00 pm – 7:00 pm	<b>Poster Spotlight Presentations:</b> At the Forefront of Translational Innovation	
WED 9/11	GRAND ROUNDS III: The Human Data Revolution	9:00 am - 10:00 am	<b>Keynote Address:</b> Harvard’s Greg Verdine on blowing up the small molecule paradigm
		10:00 am – 10:40 am	<b>Methods-for-purpose:</b> Analytical tools that parse signal from noise, without flattening complexity
		11:10 am – 11:50 am	<b>Data-for-purpose:</b> Go big, go deep, or go long?
	GRAND ROUNDS IV: The Disease Biology Boom	11:50 am – 12:30 pm	<b>Unlocking progress in neurology:</b> How to build the case for a new target
		12:30 pm – 1:30 pm	<b>Lunchtime Fireside Chat:</b> Vanderbilt’s Robert Carnahan & Arch Venture’s Lu Borio
1:30 pm – 2:10 pm	<b>Immunity and inflammation inflection point:</b> What determines the direction from here?		
2:10 pm – 2:50 pm	<b>Closing Rapporteur Plenary:</b> What’s Next For Translational Research?

# BIOCENTURY Grand Rounds

IN COLLABORATION WITH INSIGHTS PARTNER  
MCKINSEY & COMPANY

## SPEAKERS

Learn from 50+ industry  
thought leaders, including:

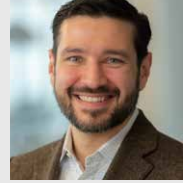

Gonçalo Abecasis  
Regeneron

Amy Abernethy  
Former FDA

Manuel Ascano  
Vanderbilt University  
School of Medicine

Jamil Beg  
SV Health Investors

Gwendolyn Binder  
Cabaletta Bio

Melissa Bonner  
Nvelop Therapeutics

Luciana Borio  
Arch Venture Partners

Daniel Burkhardt  
Cellarity

Robert Carnahan  
Vanderbilt University

Caroline Chung  
MD Anderson Cancer  
Center

Nancy Cox  
Vanderbilt University  
Medical Center

Aaron Esser-Kahn  
University of Chicago

Zandy Forbes  
MeiraGTX

Kevin Friedman  
Kelonia Therapeutics

Mark Frolich  
Indapta Therapeutics

Chris Garabedian  
Perceptive Advisors

Andrei Georgescu  
Vivodyne

David Goldstein  
Actio Biosciences

Jane Grogan  
Biogen

Anika Gupta  
GV

Kristin Hege  
Former Bristol  
Myers Squibb

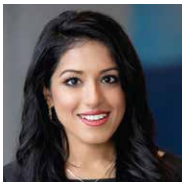

Colin Hill  
Aitia

Chris Hollowood  
Syncona

Sasha Huhalov  
Takeda

Najat Khan  
Recursion

Chaitan Khoshla  
Stanford University

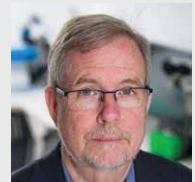

Erin Krimbel  
Astellas

Sophie Kornowski  
Boston  
Pharmaceuticals

John Lepore  
ProFound  
Therapeutics

Patrick Lyden  
Keck School of  
Medicine of USC

Samuel Lynch  
VUMC

Marinna Madrid  
Cellino

Mathai Mammen  
FogPharma

Fiona Marshall  
Novartis

Clare Murray  
Life Edit  
Therapeutics

Gregory Newby  
Johns Hopkins  
University

**BIOCENTURY**  
**Grand Rounds**

## SPEAKERS

Learn from 50+ industry  
thought leaders, including:

Carl Novina  
Dana Farber  
Cancer Institute

Stephanie Oestreich  
Myeloma Investment  
Fund

Deborah Palestrant  
5AM Ventures

Nicole Paulk  
Siren  
Biotechnology

Daniel Reich  
NIH

Jill Richardson  
Merck/MSD

Dan Roden  
Vanderbilt University  
Medical Center

Lexi Rovner  
64x Bio

Krishnendu Roy  
Vanderbilt University

Adam Savitz  
Alto Neuroscience

Samantha Singer  
Abata  
Therapeutics

Elizabeth Anne Stringer  
Nashville Biosciences

Paul Peter Tak  
Candel Therapeutics

Gregory Verdine  
Harvard University

Daniel von Bornstädt  
McKinsey & Company

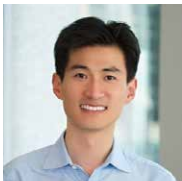

Nikhil Wagle  
Genentech

Douglas Williams  
Sana Biotechnology

Peter Wright  
Partner  
McKinsey & Company

Guang Yang  
Partner  
McKinsey & Company
