OUT AND ABOUT

Known as a foodie mecca, San Sebastián is home to a rich gastronomic pedigree and cultural connections to food. From the fresh seafood that is plucked straight from the waters of the Bay of Biscay to the wonderfully delicious finger food known as pintxos, great food is the backbone of culture in this seaside town.

We highly recommend arriving on Saturday May 11 to take advantage of [BioEquity Europe's Pre-Event Networking Excursions*](#). Choose from an afternoon out on the greens golfing, a pintxos walking tour, an afternoon sipping wine at some of Spain's renowned Txakoli wineries or a visit to the Chillida Leku museum, where nature and art naturally come together. Inquire about the Pre-Event Networking opportunities by emailing conferences@biocentury.com

For those seeking a cultural journey, the **San Telmo Museoa** (where our Welcome Reception & Opening Plenary Session is taking place) offers insight into the region's history and traditions. Art enthusiasts can marvel at contemporary works at the **Kursaal**, an architectural masterpiece that hosts international film festivals and concerts throughout the year, and now Bio€quity Europe 2024!

Nature lovers will relish on the pristine beaches of **La Concha and Zurriola**, where golden sands meet the azure waters of the bay. Stroll along the iconic **La Concha promenade**, surrounded by lush greenery and picturesque views of **Santa Clara Island**.

Adventure awaits atop **Mount Urgull**, which offers panoramic vistas of the city and its coastline. And don't miss the chance to visit the **San Sebastián Aquarium**, home to a diverse array of marine life, with the aquarium's terrace offering stunning views of the city.

For more information on what to see and do in San Sebastián, click here to visit the Official Website of **Donostia San Sebastián Turismoa**.

*Limited capacities. You must be already registered for Bio€quity Europe to request a space on one of the excursions, which will be filled on a first-come, first-serve basis.
